Dear Mr. Nittler:

Thank you very much for your interest in KSLS. We were surprised to learn that our signal had reached that far. On the day we went on the air, July 1, a listener phoned from Washington state to tell us he had heard us, so some strange things were happening that week.

According to our log, your information was basically correct with the exception that the announcer on the board at 8:06 would have been J.D. Russell. Our power is 3 kw. as you assumed.

Good luck to you with your hobby!

Sincerely,

Gerald McCoy
